Subject: Talking points

High Tide Line:

Ex. 5 - Deliberative Process

- [REDACTED] General Spellmon responded to the Governor's letter in writing in January with a request to meet with the state to discuss options for how to protect shoreline habitat above the Corps' jurisdiction. EPA and NOAA have requested to attend that meeting.
- [REDACTED] Reminder that EPA and NOAA would have extensive role in helping the Corps implement both a change to the datum used to determine high tide line as well as carry out additional protective actions identified in the report.

Non-Responsive: Material Unrelated to Puget Sound High Tide Line

Non-Responsive: Material Unrelated to Puget Sound High Tide Line

Thanks
